

## LIFE ON PURPOSE.

### COURSE DESCRIPTION:

Prevention, recognition, assessment, and treatment of ALL wound etiologies (pressure and non-pressure related wounds) are mandates from the Centers for Medicare and Medicaid Services (CMS) for Long-Term Care. This information-packed, full-day seminar will provide up-to-date evidence-based recommendations and CMS mandated regulations for pressure ulcer prevention, recognition, assessment, and treatment. In addition, the most frequent non-pressure etiologies (e.g. venous and arterial insufficiency, diabetic neuropathic foot ulcers, and skin tears) will be reviewed. Focused content on the Unavoidable Pressure Ulcer aka the Kennedy Terminal Ulcer/Skin Failure will be included to assist buildings in recognizing skin failure at life's end for the clinical team to address Quality of Life issues for residents with these unavoidable pressure ulcer/injuries. The regulatory focus of the course will be on F-Tags F684 (Quality of Care), F686 (Skin Integrity/Pressure Related Wounds, and F687 (Foot Care).

### OBJECTIVES:

- ◆Recognize the components of the pressure ulcer/injury prevention program.
- ◆Stage pressure ulcer/injuries according to the State Operations Manual.
- ◆Define the Kennedy Terminal Ulcer, Unavoidable Pressure Ulcer/Injury.
- ◆Design the wound management plan of care using the Wound Bed Preparation model.
- ◆List components of F687 for care of the feet of people with diabetes.
- ◆Participate in a wound type/tissues recognition skills lab.

### COURSE LEVEL:

*This is a basic to intermediate level course which is appropriate for the new wound care treatment nurses in the LTC setting and seasoned wound management providers.*

## PRESENTER:

Dr. Scarborough, the Director of Public Policy and Education for American Medical Technologies, has a career that spans over 35 years having practiced across the continuum of care. Her clinical experience includes traditional physical therapy, orthopedics, sports medicine, cardiac rehabilitation, and wound prevention and management.

In addition to holding a license to practice physical therapy in the state of Texas, Pamela is board certified as a wound specialist (CWS). Dr. Scarborough is a prolific author having been published in various wound care books and periodicals. She has served on multiple wound related boards and conference planning committees, and presents nationally and internationally on topics such as wound prevention and management and communication and presentation skills.

## TARGET AUDIENCE:

Administrators, DONs, Nurse Leaders, Management Staff and other interested professionals.
